Imran Khan

Full Stack Developer

ik048941@gmail.com | +91 6204459226 | Mumbai, Maharashtra | LinkedIn | Portfolio

PROFESSIONAL SUMMARY

Full Stack Developer with 2+ years of experience building responsive, scalable web applications and RESTful APIs using React, Next.js, Node.js, Express.js and TypeScript. Skilled in reusable component-based UI development, database integration (MySQL, MongoDB), and Git-based team workflows. Delivered the Maharashtra CET platform for 12K+ registered users as part of a 4-member team, with a focus on frontend performance and maintainable code.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), TypeScript, Redux, HTML5, CSS3, Tailwind CSS, Chakra UI, Material-UI, Responsive Design

Backend: Node.js, Express.js, RESTful APIs, Authentication

Databases: MySQL, MongoDB

Tools & DevOps: Git, GitHub, Docker, CI/CD, Postman, VS Code

Soft Skills: Teamwork, Problem Solving, Adaptability, Collaboration

PROFESSIONAL EXPERIENCE

Full Stack Web Developer | Edulab Educational Exchange Pvt. Ltd. | Mumbai, India 09/2024 – Present

- Architected and built the **Maharashtra CET** full-stack platform from scratch with a team of 4 using **Next.js**, **TypeScript** and **Node.js**, supporting **12K+ registered users**.
- Owned full-stack development across frontend and backend, designing and developing **RESTful APIs** with **Express.js** for candidate registration and data workflows; tested endpoints with Postman.
- Developed reusable, component-based **React** UI components to speed up frontend development and keep a consistent, responsive design across pages.
- Used **Docker** and **CI/CD** workflows in the development and release process; managed feature branches, pull requests and code reviews with **Git/GitHub**.

IT Sales Consultant | Enterprising Era Solution Pvt. Ltd. | Bengaluru, India 01/2021 – 05/2021

- Built client relationships through outreach and follow-ups, and delivered tailored product demos and presentations to support lead conversion.

PROJECTS

Beautyholic – E-commerce Web App Live Demo | GitHub

Tech Stack: React, Redux, Chakra UI, JavaScript, Node.js, Express.js, MongoDB, HTML, CSS

- Built a responsive online retail store (makeup, skincare, haircare, baby care, fragrance, Ayurveda) as a **React** and **Redux** single-page application with authentication, sorting, filtering, cart, checkout and payment flows.
- Implemented secure user authentication, designed modular homepage sections and reusable components, and maintained project documentation.

Milaap Clone – Crowdfunding Platform Live Demo | GitHub

Tech Stack: React, Redux, JavaScript, HTML, CSS, Chakra UI

- Developed lending and pricing pages for a healthcare, education and social-cause crowdfunding platform using component-based React patterns.
- Integrated authentication, client-side sorting and filtering to improve discoverability; debugged frontend issues to improve reliability.

EDUCATION

Full Stack Web Development (Full Time) | Masai School | Bengaluru, India 01/2022 – 03/2023

B.Tech | National Institute of Science and Technology | Odisha, India 08/2015 – 03/2019

ACHIEVEMENTS

- 1st rank in Drone Making Competition at IIT Bhubaneswar.
- Participated in District-level Shooting Competition, Ramgarh (Jharkhand).
